EXPERIENCE

FREELANCE VISUAL DESIGNER & WEB DEVELOPER

Freelance

August 2022 - Present

Designed and developed visually compelling websites and digital experiences for clients using modern design tools and front-end technologies. Created responsive, user-friendly interfaces with a strong focus on aesthetics, branding, and intuitive user experience. Produced graphic assets including logos, banners, and UI components while ensuring visual consistency across all platforms and browsers.

CUSTOMER SERVICE REPRESENTATIVE

CircleK, Midhurst

October 2024 - Present

- Assisted customers with inquiries, transactions, and issue resolution.
- Managed inventory and maintained store operations efficiently.
- Provided a positive customer experience in a fast-paced retail environment.

PROJECTS

MUSICHUB - FULL-STACK MUSIC APP

- Built with React, Node.js, Express, MongoDB.
- User auth (JWT), add/delete albums, favorites system.
- Interactive audio player with playlist controls.

EDITORIAL DESIGN

- Built with Adobe InDesign, Illustrator, and Photoshop.
- Designed full editorial layout including typography, imagery, and article formatting.

Created visual hierarchy for long-form articles, pull quotes, and photo spreads.
